Dear Greg Hitchcock,

On behalf of Full Sail University and the Embassies of France, I would like to extend our appreciation for your participation and outstanding support of the United Nations Climate Change Project. The assets that were created for the project were designed to raise awareness, propose solutions, and educate audiences on climate change, sustainability, and conservation issues facing our world. Many of the submissions that were created were selected to promote panels that will be taking place across North America in 2014 and at the 2015 United Nations Climate Change Conference in Paris, France.

As a participant, you went above and beyond to demonstrate your creativity and real-world skills while promoting a socially responsible cause in a high-profile project. You created outstanding work under tight deadlines, demonstrating professionalism and skill. Thank you for representing Full Sail in a positive way. We wish you the best success in the future.

Sincerely,

Heather Torres
Department Chair
