Dear Gregory:

Thank you for covering our winner press event at New York Lottery's Claim Center as we introduced Montgomery County's newest Lottery millionaire, David Smitherman.

Your continued coverage of Lottery press conferences and events not only makes the public aware of the fact that people really do win Lottery games, but also reinforces the Lottery's sole purpose – to raise money for primary and secondary education in New York State.

I sincerely appreciate your continued interest in the New York Lottery.

Sincerely,

Nancy A. Palumbo
Director
